DRUMSTICKS | BRUSHES | MALLETS | PERCUSSION TOOLS | ACCESSORIES

A woman with long, vibrant red hair is shown from the chest up, wearing dark sunglasses and a black top. She is holding two pink drumsticks in her right hand. The drumsticks have black text and logos on them, including '5A', 'LOS CABOS DRUMSTICKS', and 'MADE IN CANADA'. The background is a solid black.

ABOUT US

HISTORY:

Los Cabos Drumsticks has been manufacturing high-quality drumsticks and percussion tools since 2005. We are the only established drumstick manufacturer in the world which offers a full line of drumsticks made from red hickory (heartwood) as well as white hickory (sapwood) and maple. Our family-owned and operated business has been a proud part of New Brunswick since it's inception.

OUR WOOD TYPES:

Red hickory: the heartwood from a hickory tree; extra durable for heavy hitters

White hickory: the sapwood from a hickory tree; the industry standard for drumsticks

Maple: a light-colored hardwood with excellent tonal properties

SOCIAL RESPONSIBILITY:

Here at Los Cabos Drumsticks, we are extremely passionate about making a high-quality product, while also managing our impact on the environment and giving back to our community. We source all of our wood from FSC certified suppliers in Canada and the United States, which ensures our forests are being protected. We also make significant donations to the Canadian Cancer Society and Breast Cancer Can Stick it! Foundation through our #ThinkPink campaign; and support the Community Living Hamilton Drum Corps!

JOIN OUR TEAM:
